

PRINCIPAL'S PAGE

August 29, 2018

Dear Parents and Guardians:

Thank you for everything you do for your child(ren). Your hard work and sacrifice helps them have better lives. As we inch towards College Football Season and I plan my Saturdays around Notre Dame Football, I think about the ways we are called to grow and be the absolute best people we can be- much like our favorite sports heroes.

As I have mentioned in previous Principals Pages, children who have parents that volunteer tend to have better educational experiences. Through volunteering, you're helping your child grow and be a better person and you are, too!

Please visit <https://stcelestineschool.org/volunteers/> to learn about Archdiocesan steps required prior to volunteering. A letter has also been sent in the Brown Envelope with details about volunteering.

Please mark your calendar for Parents Night on September 6th. This evening is for adults, combined with our Book Fair, will give you the opportunity to meet your child's teacher and learn about our curriculum. The evening begins at 7:00 P.M. in the gym and then there will be sessions in the individual classrooms. The teachers and I can't wait to share what we will be doing this year!

With Gratitude and Blessings,

Sheila M. Klich
