May 3, 2018

Dear Parents and Guardians:

Our Boosterthon has begun. The students are very excited about this year's theme, "Castle Quest". All students will participate and receive a tee shirt for the fun run on May 10th. Information went home yesterday with instructions on how to sign up on line for any pledges you may receive. Our goal is to earn \$20,000 in profit. This year we are replacing all of the classroom desktop computers and all of the computers in the lab. We were fortunate to get seven years out of our old desktops but they are now beginning to fail. Boosterthon will help defer this cost.

This weekend will be very busy. Our second graders are receiving their First Communion on Saturday and on Sunday we have the Parish May Crowning beginning with the 11:00 A.M. Family Mass, procession and crowning and then an ice cream social. These are two very special events. Everyone is invited.

I have included a tutoring list of teachers that are available during the summer for any help needed in reading or math.

On May 15th, there will be an athletic banquet from 7:00 P.M. until 9:00 P.M. for any students and their families that have participated in athletics this year.

All tuition and fees for this year 2017-2018 should be completed. The first payment for the new school year 2018-2019 is now due.

Congratulations to our Track and Field varsity teams. The girls took 3rd place and the boys took 1st place this past weekend.

May the beauty of spring continue to show up.

Blessings,

Mrs. Jeanine Rocchi
