

# PRINCIPAL'S PAGE

Sept. 19, 2018

Dear Parents and Guardians:

The year continues to be wonderful and the students have settled in nicely. I do want to share a few reminders now that we are used to the new routines and expectations.

- Please take a minute to read the School handbook on uniform expectations. As we ease into fall, the number of cooler days will increase and the tendency for student to wear non-uniform sweatshirts will, as well.
- Please also review the expectations around carbonated beverages not being allowed for lunch. Water and juice are fine, but sodas and carbonated items are not. No glass containers are allowed.
- Please note that students who arrive to school at 7:45 or earlier are expected to go to Before Care. Students should not be left unattended.
- Please make sure the office has current phone numbers in case of an emergency or a sick child.

Lastly, the school is looking for a part-time lunch aide. This paid position involves some before-care, after-care and lunch duties. Interested parents should contact me at the school office (708) 453-8234.

Volunteers in the school are needed across the board.

All roles within the school require fulfilling the compliance requirements of the Archdiocese. All the roles are extremely rewarding and worthwhile...

With Gratitude and Blessings,  
Sheila M. Klich
