

St. Mother Theodore Guerin Parish St. Celestine School Board

Curriculum Spotlight: Technology Improvements for 2018-2019

Our students enjoy the benefits of 1:1 technology from Kindergarten through 8th Grade, and preschoolers share devices. Recent upgrades include:

- New Dell PCs for teachers in classrooms and for students in the Technology Center
- Technology Lab redesigned and named **Jeanine Rocchi Technology Center** to accommodate Computer Science, STEAM, and a Maker initiative

A new seating plan allows for independent and more collaborative work where students solve problems and use creative and design thinking skills to produce end products.

ISTE standards (International Society for Technology in Education) support the development of a student to become an

1. Empowered Learner
2. Digital Citizen
3. Knowledge Constructor
4. Innovative Designer
5. Computational Thinker
6. Creative Communicator
7. Global Collaborator

COMMUNITY OUTREACH: ELMWOOD PARK'S GET FIT FAIR

Thanks to the Boy Scouts for making and distributing mini-first aid kits. We appreciate Board Member Lynette DiMaggio and Athletic Director Todd Nettelhorst representing our School and Parish.
