Grade 8 – 204 – YEAR 2017-2018

Sean Creagh - Teacher

I am the Social Studies teacher for 8th grade and also the 7th grade history teacher.

I graduated from Northeastern Illinois University with honors from the Education and History departments in 2015. I am certified to teach both at middle-school and high-school grades. Saint Celestine is my first teaching position since graduating and I feel deeply privileged to teach in such a great school.

As a student myself of Catholic education from ages 5-18 years of age I have personally benefited from a philosophy that has included a strong work ethic and a sense of duty to society. All my students are held to a high standard of personal responsibility and instilled with a rigorous work ethic to prepare them for high-school and further education. By the end of 8th grade my personal aim is to have well under way the transition from children to young adults.
