Grade 4 – 103 – YEAR 2017-2018

Susan Szeszol - *Teacher*

I am so happy to be in my seventh year of teaching at St. Celestine School! I have taught students in all grade levels from kindergarten to high school seniors. Fourth grade is definitely one of my favorite grades to teach!

I have a Master of Arts in Education degree with a Reading Specialist licensure from Dominican University, as well as a Bachelor of Arts degree in English and Education, also from Dominican University.

I am blessed with a loving husband, two great kids, an energetic Sheltie puppy, and two fancy felines. My family and I love to get out into nature: God's creation. I especially love photographing birds and have been published in magazines, a book, calendars, and websites. Tom Skilling, Chief Meteorologist for WGN, recently used my photos during his weather segment on television. We will be learning about Tom Skilling during our unit on Illinois in social studies.

Recently, I had the opportunity to travel to Kauai, Hawaii where I was able to see and photograph threatened Laysan Albatross and endangered Hawaiian Monk Seals.

I look forward to sharing what I learned in Kauai with my students during our West Region unit in social studies.

I look forward to a wonderful school year!
