Kindergarten – 113 – YEAR 2017-2018

Michelle Doyle - *Teacher*

This is my thirteenth year here at St. Celestine in kindergarten and my sixteenth year of teaching. I graduated from Dominican University with a Bachelor of Science in Mathematics and a Master of Science in Education with a concentration in literacy.

I am married and have three children. My children are proud to be third generation St. Celestine students. My family enjoyed taking trips downtown on the train and walking all around Elmwood Park this summer. I also enjoyed seeing my children participate in science and sports camps at St. Patrick High School and Camp Invention at Resurrection High School and many programs at the Elmwood Park Library. In my free time I enjoy reading (especially with my children) and sewing quilts. This summer I was excited to learn more about this year's solar eclipse and the history of some of the past solar eclipses. I even made a quilt showing the stages of a total solar eclipse. This summer our family also took a trip to Kentucky and we visited a few different national parks and landmarks along the way.

I love teaching kindergarten and I am looking forward to another fun and exciting year. I am especially interested in incorporating technology into the classroom. I am an ambassador for both OSMO and Seesaw, which are both apps that I use in my classroom. I am excited to bring this information into my kindergarten class.
