### Physical Education – YEAR 2017-2018

**Bernadette Bass** - *Teacher*

This is my 20th year teaching at St. Celestine School. I graduated from Quincy University with a Bachelor of Science degree in Physical Education. Spent a few days in Michigan with some friends --- great time!

My husband and I have 4 grandchildren. Xander is 12, Jason 10, Gabriella 10 and Anthony, 3 yrs. old. Summer was busy babysitting and really enjoying being with our grandchildren. Our oldest daughter and her family moved to California in the summer (she was a teacher at Guerin Prep H.S.). Our son-in-law's job brought him a promotion and more of an opportunity to continue screen writing for Sony. We miss them terribly but now there's a reason to visit sunny California!

We have been members of St. Celestine parish for 37 years, with both of our daughters graduating from St. Celestine School. I'd like to welcome all our new students and our returning students. I'm really looking forward to another school year with new activities, games and enthusiasm, including the BOOSTERTHON! A special event for us all --- the Eclipse. It's going to be a great year! GO CELTICS! ..... and let's not forget about our CUBBIES!!! **Go Cubs!!!**
