Grade 2 – 104 – YEAR 2017-2018

Maureen Crimmins - *Teacher*

I have been associated with St. Celestine School for decades. Yes, I was a student here and although I taught in other schools (one year in Venezuela!), SCS kept calling me home. I have taught second, third, fourth, and sixth grades.

Both my undergraduate and graduate degrees were obtained from Northeastern Illinois University. I achieved a Masters in Reading and am a certified Reading Specialist. I can't emphasize enough how important reading is so please listen to your child read daily.

My love of travel has propelled me to many places. Antarctica is on my bucket list! This past summer I stayed closer to home and traveled to Alaska. While taking a boat tour around the Kenai Peninsula, I was fortunate enough to see whales, sea lions, sea otters, puffins, and eagles. Hiking to Exit Glacier in Kenai Fjords National Park was another beautiful adventure.

I look forward to a good year filled with learning and growth for your child.
