### YEAR 2018-2019 - Second Grade - 104

**Maureen Crimmins** – *Teacher*

I have been associated with St. Celestine School for a very long time. Yes, I was a student here and although I taught in other schools, SCS kept calling me home. I have taught second, third, fourth, and sixth grades.

Both my undergraduate and graduate degrees were obtained from Northeastern Illinois University. I achieved a Masters in Reading and am a certified Reading Specialist. I can't emphasize enough how important reading is so please listen to your children read daily.

My love for travel has propelled me to many places. Antarctica is on my bucket list!

I look forward to a good year filled with learning and growth for your child.
