YEAR 2018-2019 - Seventh Grade - 205

Paul Howell – *Teacher*

I am looking forward to my fourth year of teaching at St. Celestine and I am very grateful to be returning to such a fantastic school.

I graduated from St. Norbert College in DePere WI with a Bachelor of Arts in English. When I finished college I worked at Misericordia on the north side of Chicago where I had the opportunity to teach adults with developmental disabilities. While working at Misericordia I realized I had an aptitude to teach, so I continued my education and received my teaching certificate and Reading endorsement from National Louis University. After working as a short and long term substitute teacher for Chicago Public School, I took a job filling in for a maternity leave at Saint Andrew School in Chicago. This position renewed my appreciation for my own Catholic School education, and incited me to further pursue a position with Catholic Schools.

I currently live in the Lincoln Square neighborhood of Chicago with my wife, Courtney, and our daughter, Clara. I am looking forward to continuing my journey with the St. Celestine community and I feel fortunate to be a part of it.
