### **YEAR 2023-2024**

#### **Gina Griffone – Director of Development**

At a young age, I knew I wanted to go into Marketing. I obtained a Business/Marketing undergraduate degree and began my journey in the beauty industry. I spent 10 years traveling with Aquage and L'Oreal Professional. When deciding to have children, my husband and I began looking to move closer to family. We found a house in Elmwood Park across the street from my mother, who still lives in the house where I was raised. Our plan was to give our kids, Frankie and Gemma, the opportunity to follow in my footsteps and attend St. Celestine.

As they are now full-time Celestine Celtics, I can use my marketing skills to help St. Celestine with advertising, community outreach, website management, fundraising ideas, and anything else that comes our way. If you have any interesting ideas about marketing and fundraising, please see me and Mrs. Klich.
