YEAR 2021-2022

Grace Caruvana - 5th-6th Grade Teacher - English

My name is Grace Caruvana, and I am so excited to be on the St. Celestine team. I have been an educator for about 4 years now. I graduated with my undergraduate degree in English and Linguistics from Northeastern Illinois University, as well as completed my TEFL/ TESOL certifications, in 2014. I started teaching English as a foreign language abroad in Thailand for 2 years right after graduating. I taught from first grade to Senior levels in High school. Wanting to expand and improve upon my abilities as an educator, I returned to the states in 2016 and began to pursue my Masters in Education. I graduated with my Masters in secondary Education with a focus on English in early 2021.

I took over the 5th – 6th grade science class during the 2019-2020 pandemic school year and have been helping out where I am needed within the St. Celestine team. This year, I am excited to continue to work with the 5th and 6th grades English classes once again.

Aside from being an educator, I would consider myself a bibliophile, gamer, and crafter. I absolutely adore books and reading. I enjoy playing a variety of video games, board games and table top games with family and friends. I also have been known to be found crocheting or knitting up all manner of clothes or toys as gifts in my spare time.
