YEAR 2021-2022

Margaret Healy - 5th-6th Grade Science Teacher

My name is Margaret Healy and I am so excited to be joining the St. Celestine team. This will be my sixteenth year as an educator, but for the past 15 years I have been teaching throughout the city of Chicago. I have taught all grades four through eight with a specific focus on the subjects of science, social studies, and reading.

I graduated from the University of Notre Dame with a bachelor's degree in history. I then completed a two year teaching service program through Loyola University Chicago, teaching while earning my Master's of Education.

My husband and I recently moved to Elmwood Park and I am so happy to be near the places I spent the formative years of my life. In my spare time, I love spending time with my family and friends. I also enjoy reading, cooking, baking, and as I found during the pandemic, completing puzzles.

I am again so excited to be joining this community and having an amazing school year!
