### **YEAR 2024-2025**

#### **Mary Guerrero - 1st Grade**

My teaching spans more than 40+ years of teaching! This is my sixth year teaching first grade at St. Celestine; the grade where I have most of my experience. I hold a Bachelor's degree in Elementary and Bilingual Education from Illinois State and a Master's degree in Linguistics -ESL from Northeastern Illinois University. I have taught in bilingual classrooms and English classrooms here and in Mexico. I love our team and the students at St. Celestine! My wish for this year is to have a joyful year with the kids and give them the gift of learning through reading and math.

Aside from teaching I enjoy riding my bike, reading books, listening to music, and eating out with my family. My husband and my son are both from Mexico and we lived there for 25 years. We own a home in Mexico City. It is a colorful and energetic country! My husband and I spend our summers there during the rainy season. I spend my time shopping and enjoying the delicious food there! Life shared here or there is always a fun adventure. Teaching adds to that adventure!
