YEAR 2021-2022

Sean Monahan - 5th-6th Grade Teacher - Math

My name is Sean Monahan and I am so excited to be joining the St. Celestine team. This will be my fifteenth year as an educator, but for the past 9 years I have been teaching at Saint Juliana School in Edison Park as a member of the Junior High team where I taught Social Studies.

I am so excited to become a part of the St. Celestine School community again! Both of my children attended elementary school here and received an excellent education thanks to all of the dedicated faculty and staff.

My wife and I had been married for 25 years and have been parishioners here at St. Theodore Mother Guerin for most of that time. Our family enjoys traveling to our nation's National Parks, a small lake in Central Wisconsin, and Disneyworld. I enjoy cooking, barbecuing, and spending time with my very large extended family.

I am again so excited to be joining this community and having an amazing school year!
