### **YEAR 2022-2023**

#### **Sean Monahan - Eighth Grade - Room 204**

My name is Sean Monahan and I am so excited to be back on the St. Celestine team. This will be my sixteenth year as an educator, and I am glad to be back on a junior high team and teaching my passion, Social Studies.

I am so excited to become a part of the St. Celestine School community again! Both of my children attended elementary school here and received an excellent education thanks to all of the dedicated faculty and staff. This year my son is a junior at the University of Wisconsin-Milwaukee, and my daughter is a freshman at Miami University in Oxford, OH.

I am a parishioner here at St. Theodore Mother Guerin. My family enjoys traveling to our nation's National Parks, a small lake in Central Wisconsin, and Disneyworld. This past summer I personally visited five National Parks and eleven National Monuments/Historic Sites! I enjoy cooking, barbecuing, and spending time with my very large extended family.

I am again so excited to be a part of this wonderful community and having an amazing school year!
