YEAR 2021-2022

Susan Szeszol - 4th Grade - Social Studies / Math Teacher

I am so happy to be in my eleventh year of teaching at St. Celestine School! I have taught students in all grade levels from kindergarten to high school seniors. Fourth grade is definitely one of my favorite grades to teach!

I have a Master of Arts in Education Reading Specialist degree from Dominican University, as well as a Bachelor of Arts degree in Education and English, also from Dominican University.

I am blessed with a loving husband, two great kids, an energetic Sheltie, and a fancy feline. My family and I love to get out into nature: God's creation. I especially love photographing birds and have been published in magazines, a book, calendars, and websites.

For the third summer in a row, I had the opportunity to work as a Piping Plover Monitor. Montrose Beach Bird Sanctuary in Chicago was home to a pair of these nesting highly endangered birds. You may have seen them on the news, in the newspapers, and in a film documentary on WTTW 11. I am so happy and grateful to have been part of the conservation program. I look forward to sharing what I learned with my students during our Midwest Region unit in Social Studies.

I am truly grateful to be part of a faith filled school and church community. I look forward to a wonderful school year!

Mrs. Szeszol ☺
