Feb. 18, 2026

Dear Parents and Guardians:

There are a few upcoming dates on the calendar. Please make note of them.

- Report cards were sent home today.
- March 16 is a Professional Development Day for teachers. There are no classes on those days.
- March 21 is the Dancing through the Decades fundraiser for St. Celestine School. Please mark your calendar and buy tickets when they become available.

Registration for the 2026-2027 School Year is ongoing. Please remember to re-register if you have not already done so.

Sadly, Mario Sanchez, the St. Celestine School maintenance cleaner, lost his wife last week. Mario has been a dedicated part of the SCS community for years and this loss is tragic. To help him in his hour of need, St. Celestine School will be having a Dress Down on February 25, 2026 for students who bring a \$1 donation for Mario and his family. Please also keep him in your prayers.

Please note that attendance is crucial for the learning process. While a weather day may impact attendance for a day or two, excessive absences (in the double digits) may result in a summer school requirement for students to pass to the next grade. Parents will be contacted individually for meetings to discuss excessive absences. Thank you for your consideration of this matter.

Thankfully,

Sheila M. Klich

Principal
