Nov. 4, 2021

Dear Parents and Guardians:

Thank you for everything you did to make Halloween so special for the students. In particular, thanks to Parents Club and Room Parents for the parties and Trunk-or-Treat. Many, many SCS community members expressed joy at seeing the students having fun.

Events such as those over Halloween, after care clubs, Scout events, and athletics activities all involve COVID safety practices. That said, they are all steps towards a more normal experience for our students. We continue to navigate the many challenges presented by the pandemic. We do this as a community, with dedication to student success in every area of life.

Prior to the pandemic, St. Celestine School had been working with Mobile Therapy Centers of America (MTC) to provide services not previously available in the school. MTC is providing free screenings to identify areas of concern for families. The application is in this week's Brown Envelope. Should a concern be identified, MTC can also work with parent insurance to provide services at St. Celestine School. This had been in place prior to the pandemic and we are happy to announce its return. This is a big step towards meeting students where they are as learners and individuals as we continue our journey through the pandemic.

Additionally, St. Celestine School is working towards implementing weekly counseling services through a company called Student Savvy. Student Savvy works with a number of other Archdiocesan Catholic Schools and we are happy to join that list. Stay tuned for more details as they become available. I am very excited about this opportunity to help students recover from the pandemic.

With Gratitude and Blessings,  
Sheila M. Klich

# Volleyball Registration

Register today!

## **GIRLS Volleyball**

**REGISTRATION**  
now – December 1, 2021

**COST**  
\$150\* (w/ uniform)

**SEASON DATES**  
January-Beginning of April
