April 14, 2021

Dear St. Celestine School Families,

Welcome back to school. We hope your Easter and break were wonderful. Thank you to the parents and families who followed all of the expectations regarding travel. You have done wonderful things to keep the school safe.

There are a number of different items included in this week's Principal Page.

- If you have not registered for the 2021/22 school year, please do so using this link <https://stcelestineschool.org/virtual-tour/> .
- Applications for tuition assistance, both through St. Celestine School and the Archdiocese of Chicago can be found at this link <https://factsmgmt.com/financial-management/grant-and-aid-assessment/> . If you are a family that has received a Caritas scholarship from the Archdiocese in the past, you must apply for it again this year using FACTS. Application reviews are underway now, with tuition payments beginning in May. Time is of the essence and families who have applied on FACTS are having their applications reviewed now!
- The PreK, Kindergarten and First Grade teachers are doing an Early Childhood presentation at 7pm on Monday, April 19. Please contact me at sklich@stcelestineschool.org if you would like a link to attend the meeting. It is for new and current family and is designed to inform parents about the many wonderful things our Early Childhood Program offers.
- Google has recently partnered with Common Sense Media and PBS kids to create a site where families can access technology resources. This is a valuable site with information regarding online safety, well-being and technology, and tips for parental controls. This site will give you valuable information to make informed decisions on what technology is right for your family. Here is the link <https://families.google/>

- Please enjoy the Spring Recital that Mrs. Migliorisi and our piano students created. The link for the recital is <https://flipgrid.com/+migliorisi7846> . We are very proud of our talented students!
- Please also note that we are collecting the baby bottles with change this month. The change is being donated to the Women's center in Chicago.
- Please remember that masks must be worn on school property at all times. Recently, with the warmer weather, an ice cream vendor has been nearby and students have been on the school property eating ice cream. Masks are being removed and social distancing has become an issue. Please social distance and keep masks on at all times. Thank you for your help with this.

Have a wonderful day.
With Gratitude,

Sheila M. Klich
Principal
