Dear Parents,

We are in the midst of Boosterthon mania! The website for pledges is up and running. The Virtual St. Celestine School Dance Challenge is set for May 6! The money raised will go towards Technology. If the \$15,000 goal is met, the students will get to see yours truly slimed... It will be lived streamed to classrooms and I am sure a highlight for our entire school community.

Please keep the Second Grade students in your prayers. They are receiving their First Communion on Saturday, May 1. The teachers, students, and entire community have worked hard to prepare them.

Next week, St. Celestine School celebrates Teacher Appreciation Week. Parent's Club has done a wonderful job of planning special ways to recognize the teachers. Our teachers have faced extraordinarily large challenges to teach in new and creative ways. Please join me in recognizing them for their strength and talent. This community is very blessed to have them.

With Gratitude and Blessings,
Sheila M. Klich
Principal
